

QUALITY POLICY

FLO-TEK is committed to customer satisfaction, which it believes will improve customer loyalty, increase market share, and promote growth and profitability, by accurately determining and meeting/exceeding, all customer expectations and other applicable requirements including all statutory requirements through continual improvement in all our activities and services. This will be achieved by supplying the correct thermoplastic piping systems, rotationally moulded products & packaging products of the right quality, on time, through a structured Quality Management System that complies with ISO 9001.

FLO-TEK e itlamile go kgotsofatsa baji bareki, ka tumelo ya gore se se tla tokafatsa boikanyego mo baji bareking, kgolo mo mmarakeng le gone go rotloetsa kgolo le dipoelo, Se se tla fitlhelelwa ke kanoko e e tsepameng le go fitlhelela dikeletso tsotlhe tsa baji bareki le tokafatso ya tsotlhe tse di lebaneng tse di akaretsang tsotlhe tsa semolao, se se kgonagadiwang ke go tswela rentse re tokafatsa ditiro le ditirelo tsa rona gangwe le gape. Se se tla netefadiwa ka go fa baji bareki didirisiwa tsa mathumpu (thermoplastic piping systems), dilwana tse di phuthela tsa polaseteke ya nnete le tsotlhe tse di bopilweng tsa tlhwathwa e e ko godimo ebile ba di bona ka nako jaaka go tla a bo go rulagantswe ke boeteledipele jo bo tsepameng jo bo nang le boineelo mo tirong, bo tshwaragane ka bonatla le ba ISO 9001.
